OPEN A DOOR... sponsor a YOUTH

Preston is just one of the reasons we exist in this community. To have an impact on a child, even one, means we are fulfilling our mission and you can feel good about giving. It costs the Club much more than the \$30 annual membership fee to have full and complete access to all programs throughout the year. We seek to fill this funding gap from our community. We ask you tonight to consider investing in our kids in a way that is meaningful for you during this live item so we can continue to never turn a child or family away due to an inability to pay.
