10 SPONSOR A YOUTH

This is your chance to make a difference. There is a big gap between the amount families pay for our

programs and the amount it actually costs to deliver services. By obtaining the funds to fill that gap, we never turn a child away for inability to pay. You're going to be asked to contribute to a program that provides scholarships for those kids whose parents can't afford to pay.

Some people may tell you to *give until it hurts*. We like to say *give until it feels good!* Contribution levels are \$1000, \$500 and \$250.
